

The FCC SHOULD NOT implement any proposal that would lessen Indiana's Telephone Privacy Law protections. This Privacy Law has eliminated 99% of the unwanted telemarketer calls I received DAILY. Before this Privacy Law went into affect I would receive 20 to 25 UNWANTED, ANNOYING, UNNECESSARY calls per week, at ALL hours of the day and into the evening; and 8:00 AM on a Saturday is absurd. I receive about 3 calls per week now, and even that is TOO many.

PLEASE LEAVE THE INDIANA TELEPHONE PRIVACY LAW PROGRAM ALONE. IT IS WORKING GREAT. WE DON'T WANT THESE ANNOYING TELEMARKETING CALLS.

THANK YOU.
